1948: When contact is lost with the two B-29s carrying the precious cargo for Operation Halo Glo, the operation quickly escalates into a highly classified rescue mission. When the planes take off from the Philippine Islands to start on a long journey back to the United States, they appear to be a part of a standard training exercise. However, this is not a normal mission. The top-secret assignment has taken over six months of preparation, including major modifications to the planes and the selection of special crewmen. By the time the day is over, their mission turns into the largest recovery project in the history of the United States. Years later, Gil Downey and his team's security leader, Bradley North, are called on to assist in the recovery effort. The first priority is to bring home the remains of the crewmen and airmen that went down in the planes. The rest of the cargo will be brought home under a covert operation, due to the valuable and deadly nature of the cargo itself. The effort takes Downey and North to the edge of trust and challenges everything they presume to know about each other. The first in a trilogy, One Billion Dollar$ Gift will take you on a worldwide adventure through the mind of author Bradley North.

H.R. 2637, Legislation to Redesign the One Dollar Coin

Dear Reader: On a beautiful late spring afternoon, twenty-five years ago, two best girlfriends went on a date with different guys. They were very much alike, these two young girls. Both had already been in long happy relationships and were doing better than the average single, both were personable and both – as young girls are – were filled with ambitious dreams for their future marriage and husband. Recently, these two women returned to college for their 25th reunion. They were still very much alike. Both had a fulfilling job. Both were still very attractive. Both lived in a great house. Both had three children. And both, it turned out, had almost the same husband. But there was a difference. One of the women was secretly seeking a divorce because she felt unhappy about her marriage. The other was still full of love and magic – and praised her husband in front of everyone. What Made The Difference Have you ever wondered, as I have, what makes this kind of difference in people's lives? It isn't always a "it didn't work out" or "he doesn't love me any more". It isn't that one person wants a happy relationship and the other doesn't. The difference lies in what each person knows about long-lasting love and how he or she makes use of that knowledge. And that is why I am writing to you and to people like you about the 50 Dollar Lesson about Love. For that is the whole purpose of this piece of art: To give its readers knowledge about what matters in a relationship - knowledge that they can use in love and romance for their happy marriage. So they will not regret the marriage years later. ...

Mike Shayne tackles a baffling case of adultery and murder in the suburbs of Miami. It's the 4th and final day of the convention, and Marvin Blake is ready to go home. Dreading the evening's festivities, he checks out of his hotel early and heads back to Sunray Beach, longing to see his wife, Ellie, and daughter, Sissy. When he reaches home late that night, his bedroom light is on—and his best friend’s car is parked in the driveway. His wife has...
been unfaithful, and Blake knows what he must do. He checks into a motel, pulls out the stationery, and prepares to take his life. The next morning, Ellie is found in her bedroom, stark naked and strangled to death. Miami reporter Tim Rourke picks up the story and brings in the only man who can untangle this web of lies: Mike Shayne. A seasoned professional, Shayne may think he’s seen it all, but he’ll soon find that, in suburbia, murder is never what it seems. Mike Shayne’s 50th Case is the 49th book in the Mike Shayne Mysteries, but you may enjoy reading the series in any order.

More Precisely provides a rigorous and engaging introduction to the mathematics necessary to do philosophy. It is impossible to fully understand much of the most important work in contemporary philosophy without a basic grasp of set theory, functions, probability, modality and infinity. Until now, this knowledge was difficult to acquire. Professors had to provide custom handouts to their classes, while students struggled through math texts searching for insight. More Precisely fills this key gap. Eric Steinhart provides lucid explanations of the basic mathematical concepts and sets out most commonly used notational conventions. Furthermore, he demonstrates how mathematics applies to many fundamental issues in branches of philosophy such as metaphysics, philosophy of language, epistemology, and ethics.

Fireside Games

“Right out of the gate, the entire game was designed to empty the pockets of those rich, celeb-loving LA suckers.”—Houston Curtis Leonardo DiCaprio. Alex Rodriguez. Tobey Maguire. Ben Affleck. Matt Damon. John Cassavetes. What do these people have in common? Not just fame and fortune; all these men are also alumni of the ultra-exclusive, high-stakes poker ring that inspired Aaron Sorkin’s Oscar-nominated film, Molly’s Game. But Houston Curtis, the card shark who co-founded the game with Tobey Maguire, knows that Sorkin’s is the whitewashed version. In Billion Dollar
Hollywood Heist, Curtis goes all-in, revealing the true story behind the game. From its origins with Maguire to staking DiCaprio’s first game, installing Molly Bloom, avoiding the hookers and blow down the hall, and weathering the FBI investigation that left Curtis with a lien on his house, this is the no-holds-barred account of the world’s most exclusive Texas Hold ‘Em game from the man who started it—with all the names and salacious details that Molly’s Game left out. With the insider appeal of Rounders, more A-listers than Ocean’s 11, and the excitement of The Sting, Billion Dollar Hollywood Heist is the untold, insider’s story that makes Molly’s Game look tame.

This engrossing anthology assembles classic New Yorker pieces from a complex era enshrined in the popular imagination as the decade of poodle skirts and Cold War paranoia—featuring contributions from Philip Roth, John Updike, Nadine Gordimer, and Adrienne Rich, along with fresh analysis
of the 1950s by some of today’s finest writers. The New Yorker was there in real time, chronicling the tensions and innovations that lay beneath the era’s placid surface. In this thrilling volume, classic works of reportage, criticism, and fiction are complemented by new contributions from the magazine’s present all-star lineup of writers. The magazine’s commitment to overseas reporting flourished in the 1950s, leading to important dispatches from East Berlin, the Gaza Strip, and Cuba during the rise of Castro. Closer to home, the fight to break barriers and establish a new American identity led to both illuminating coverage, as in a portrait of Thurgood Marshall at an NAACP meeting in Atlanta, and trenchant commentary, as in E. B. White’s blistering critique of Senator Joe McCarthy. The arts scene is recalled in critical writing rarely reprinted, including Wolcott Gibbs on My Fair Lady, Anthony West on Invisible Man, and Philip Hamburger on Candid Camera. Also featured are great early works from Philip Roth and Nadine Gordimer, as well as startling poems by Theodore Roethke and Anne Sexton, among others. Completing the panoply are insightful and entertaining new pieces by present-day New Yorker contributors examining the 1950s through contemporary eyes. The result is a vital portrait of American culture as only one magazine in the world could do it. Including contributions by Elizabeth Bishop • Truman Capote • John Cheever • Roald Dahl • Janet Flanner • Nadine Gordimer • A. J. Liebling • Dwight Macdonald • Joseph Mitchell • Marianne Moore • Vladimir Nabokov • Sylvia Plath • V. S. Pritchett • Adrienne Rich • Lillian Ross • Philip Roth • Anne Sexton • James Thurber • John Updike • Eudora Welty • E. B. White • Edmund Wilson And featuring new perspectives by Jonathan Franzen • Malcolm Gladwell • Adam Gopnik • Elizabeth Kolbert • Jill Lepore • Rebecca Mead • Paul Muldoon • Evan Osnos • David Remnick Praise for The 50s “Superb: a gift that keeps on giving.”—Kirkus Reviews (starred review) “[A] magnificent anthology.”—Literary Review
